**Notice of Past Violation**

Re: Utilizing an Unregistered Hazardous Waste Transporter

Dear Dr. Dickerson:

The New Hampshire Department of Environmental Services, Waste Management Division ("DES") has documented a violation of the New Hampshire Hazardous Waste Rules relative to the failure to use a New Hampshire registered hazardous waste transporter. On July 1, 2004, Stericycle, Inc. ("Stericycle") picked up and transported hazardous waste from your office located at 389 Main Street, Salem, NH. Stericycle transported hazardous waste from your office using Massachusetts Manifest Number MAQ621515. At the time of this pick-up and transportation, Stericycle was not a registered hazardous waste transporter. This Notice of Past Violation is to inform you that the referenced violation is on file at DES. No further action related to the violation documented in this Notice of Past Violation is required.

This notice is being sent to inform you of the violation to help you prevent similar violations in the future. Enclosed is a summary that lists the past violation. The corrective action taken consists of you obtaining the services of a New Hampshire Registered Hazardous Waste Transporter to transport hazardous waste from your office to an authorized facility.

DES recognizes that a great majority of the regulated community wants to prevent pollution and to comply with environmental laws. Your efforts to correct the referenced violation are appreciated.

A current copy of the New Hampshire Hazardous Waste Rules can be obtained from DES's website at <http://www.des.state.nh.us/rules/hwrules.pdf>, or by contacting the Public Information Center at (603) 271-2975. A current copy of the New Hampshire hazardous waste statute can be obtained from the State of New Hampshire's website at <http://gencourt.state.nh.us/ras/html/indexes/147-A.html>.

If you or your staff have any questions regarding this matter, please feel free to contact Tammy Calligandes at (603) 271-3899.

Sincerely,

**COPY**
